May 10, 2024: Coralville (Kirkwood Regional Center)

INTRODUCTION to GREEN BUILDINGS: Principles and Concepts

DATE/LOCATION

Sept 9, 2024: Urbandale (Hampton Inn and Suites) - Sign up and get \$100 off! Thanks to Mid-American Energy for awarding us a grant to put on this class for Iowa! Instructor: Sandra Adomatis, SRA.

Sandra is the 2024 President of the Appraisal Institute. She is the author of "Residential Green Valuation Tools", available through the Appraisal Institute.

She leads an energetic presentation on energy efficient and green home sales and valuations. Her passion comes through as she discusses the challenges appraisers face in today's market and how builders, real estate agents, and property owners can work through the appraiser/lending process.

Her keynotes encourage participants to think outside the box and be willing to go the extra mile to provide professional services that the market commands to make homes healthier, safer, and less costly to operate.
